ERC

The Evening Reporting Center (ERC) offers youth the opportunity to attend the Boys & Girls Clubs of Greater Oxnard and Port Hueneme (BGCOP) to enjoy the programs that offer the opportunity to undergo a possible character transformation, developing a more constructive attitude towards a productive and successful life. The program helps youth graduate from high school, pursue higher education, enter the workforce, and reach their potential as productive, caring, and responsible citizens.

SUCCESS STORIES

When Rigoberto first started doing community service hours, he was a bit nervous, but he always did what was asked of him throughout his service. On his third day, he met Jose, the boxing coach, and took Rigoberto on a tour of the boxing gym. Rigoberto took a look at the program, and his eyes lit up the moment he walked into the gym, so he decided to sign up for boxing. Rigoberto became a regular member who enjoys the satisfaction of sparring with his younger brother and is an excellent role model. Rigoberto sets an example that everyone has a passion; they just have to go out there and find it.

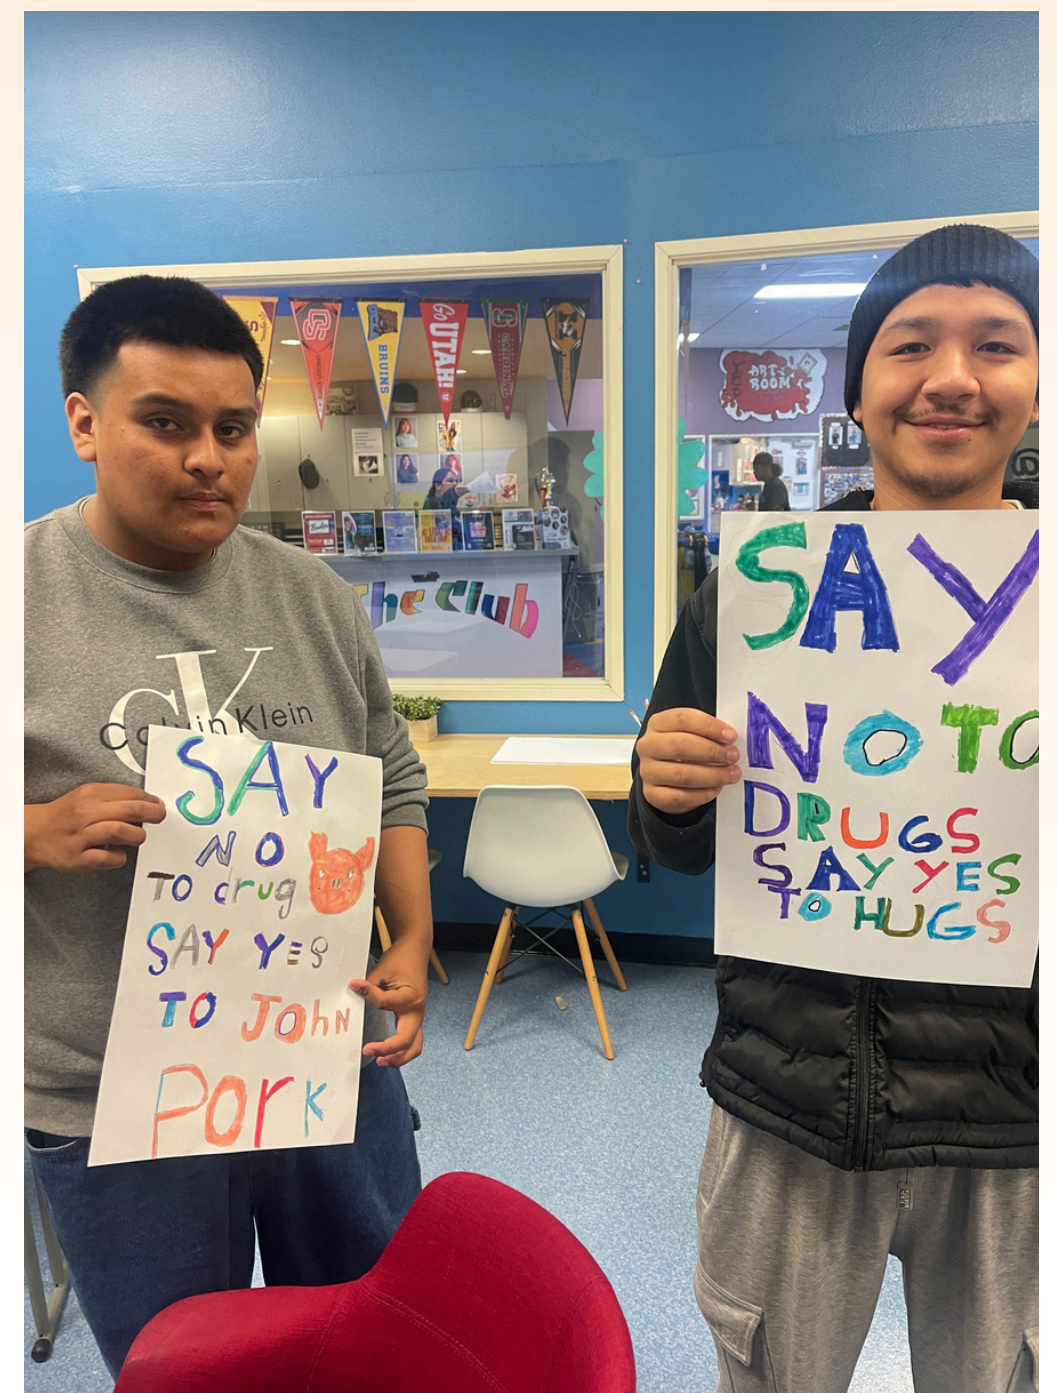

SUCCESS STORIES

Luiza has been in and out of juvenile hall and began coming to the HHS Teen Center when she had to do community service hours. She was quiet at first and mainly just did what she was told-- that included participating in the activities we offer at the Teen Center. As she came more often, she began to open and join the Youth Advisory Council (YAC), and that is where she discovered her role as a leader. Luiza attended the Youth Volume Up Expo as a planner, and through the duration of the event, demonstrated her great leadership skills as the event facilitator, or in her words, "The MC." Luiza is now a senior in high school and is well on her way to graduating next year. She is a shining star and is a big sister to the younger girls who also come to the clubhouse.
